Our Kids have been going to Catholic Schools for years

Campbell Soup Company has contributed to Catholic school programs for more than 10 years through our Labels for Education program. Catholic families collect labels from our many quality products—then Catholic schools benefit by exchanging them for audio/visual equipment, sports equipment, teaching aids, etc.

We're proud to have the opportunity to serve Catholic schools through our Labels for Education program. We're proud to assist many different groups. That's why we hope you'll understand that one of our commitments as a corporate citizen is to *help* people.

If you would like to know more about how Campbell helps schools and communities, please write to us on school stationery. We think you'll find our kids are good kids.

We Put Music In Everyone's Grasp

You call the tune...

Whether it's the high-spirited ringing of a youth handbell choir or the reverent resonance of a stately carillon, bell music has a way of bringing people together and filling their hearts with joy. Schulmerich offers a full range of handbells and other cast bronze bells, cast bell carillons, keyboard instruments, automated and electronic bell instruments, glockenspiels and animated figures, automatic bell ringers, towers, and tower and specialty clocks.

...and Schulmerich can play it better

The leader in bell music technology since 1935, Schulmerich is synonymous with excellence. Our bellwrights have earned a reputation for innovations in bell design and superior craftsmanship. Flexibility and affordability are our keynotes—Schulmerich's custom design capabilities can accommodate any budget.

As the noted Roman Historian, Tacitus, once stated: "The fault lies in the carping spirit of mankind, that we are always praising what is old and scorning what is new." We at the Conrad Schmitt Studios believe that it matters not whether the structure is old or new, but rather if it is good or bad. What is old is not necessarily more esteemed than what is new; or what is new may not be of more value than that which is old. However the challenge is presented, the Conrad Schmitt Studios applies the same interest, dedication and experience as reflected by us since 1889.

Textbooks are the farthest thing from their minds.

But somewhere along the line, they'll use a Merrill textbook or two. An elementary mathematics series. Or a spelling series. Or perhaps a junior high American history book.

Whatever Merrill textbooks they use, they will probably be unaware of the up-to-date content . . . the effective teaching approach . . . the careful visual design of each Merrill product. Because Merrill will have taught them to take quality for granted.

Merrill for grades K-8. Outstanding textbook programs for the schools of our nation.

Lux Mundi™

OLIVE OIL CANDLES

Liturgical Approved Sanctuary Lamp

Lux Mundi Oil Burning Candles are presently in use in many churches, convents, school chapels, and religious institutions in the United States. They have also been installed in churches in the Vatican, the Philippines, Germany, and other European countries. Lux Mundi has proven itself to be an outstanding and economical candle product in its use to enhance all liturgical ceremonies.

Lux Mundi is the Original Oil Candle, which quickly became the perfect alternative to the wax candle. It has been developed and manufactured for the following reasons:

- To bring back the tradition of using oil in a safe appropriate container (lamp or candle shell) for use in liturgical ceremonies.
- To avoid the residue and permanent stains on altar appointments and coverings caused by wax candles and tapers.
- It gives to the church an alternative over the ever-increasing cost of wax candles.
- To remove the hazards caused by the build-up of paraffin from burning waxed candles. This precipitates and later solidifies on the walls, furniture, and fixtures of the church.

Liturgical Approval

"According to traditional usage, an oil lamp or lamp with a wax candle (lampas oleo vel cera nutrienda) is to burn constantly near the tabernacle . . ." *(Holy Communion and Worship of the Eucharist outside Mass.* 1973 no.11).

Suitability

"In candles for liturgical use, material should be used which will provide a living flame while not causing smoke, odor, or stains on the altar cloth or floor." *Bishops' Committee on the Liturgy* -July 1974 - Vol. 10/nos. 6-7).

Quality and Appropriateness

"Environment and Art in Catholic Worship . . . urges quality and appropriateness in the fabrication and use of all liturgical artifacts, furnishings, and vessals so that the Churches' worship may not only be enhanced but also express the beauty of creation and human craft." (EACW nos. 19-23).

Safety

Fully approved in all safety features. Passed and approved all necessary insurance safety codes.

Symbolism

The consumability of the oil and the "living" flame, symbolizes the sacrificial act taking place in the eucharistic celebration.

Traditional Usage

as quoted in the book of Exodus (Chaps. 24-30) oil lamps were directed by Almighty God to be used in the supposedly first Liturgical Ceremony over the Ark of the Covenant. Also, it is apparent that oil lamps were used at the Last Supper. Indeed, the use of oil is a vital material in many liturgical functions.

Variety

Variety of sizes – 1¾" to 3½" diameter. 6" to 48" height – enables Lux Mundi to be used for all Liturgical Ceremonies.

Electronic Votive Lights

from Maas-Rowe

Maas-Rowe Electronic Votive Lights feature electronic flicker and flare to provide the warm realism of real candles without the mess or expense.

Each light is controlled individually so the flicker and flare of a particular light is always different at any moment than that of any other light. This results in lights that appear so remarkably like candles that they have to be seen to be appreciated.

To activate a light, one presses a button on top of the light. Once activated, the light "burns" for 7 hours automatically.

A number of beautiful colors are available including red, blue, amber, and white.

- *63 large lights standard*

Inspire your cathedral or parish to sing better.

Whether it's a major sanctuary like the Cathedral of the Holy Cross in Boston, Massachusetts or a parish church like Our Lady of the Lake in Lake Oswego, Oregon, Rodgers is preferred by more organists, song leaders, and clergy than any other organ.

Why? Because Rodgers organs *sound* best. It's that simple.

Rodgers three manual Westminister 890 installed in Our Lady of the Lake Catholic Parish in Lake Oswego, Oregon. This instrument incorporates six ranks of pipes built by Rodgers. The finest classical organ building practices were applied, with low cut ups and low wind pressures. By utilizing low wind pressure, the column of air is not forced to whistle through the pipe toe, but rather, distributes itself equally over the surface of the sound-producing languid. The whole pipe is allowed to resonate. This type of sound assures adequate and firm-bodied support in congregational singing.

Rodgers Oxford 925 installed in the Cathedral of the Holy Cross, Boston. This all-electronic Rodgers instrument uses the latest microprocessor technology and boasts a design philosophy closest to that of a good pipe organ. Individual note-by-note tuning is standard, making this...and all Rodgers organs...compatible with real pipes at a future time. A tuning control is standard which allows the electronic portion to be instantly brought in tune with the pipes, should pipes ever be added. Pipes make ideal memorial gifts and are available in small or large rank configurations.

We know that leading a congregation in singing...and providing an inspirational setting for the Mass...requires an instrument which embodies the greatest traditions of the King of Instruments, the pipe organ. That's why *every organ we build is compatible with real pipes*—either at the time of installation, or in the future.

The combination of real-wind-blown-pipes and space age microprocessor technology must be heard to be believed. We invite your inquiry and evaluation. For more information, please write:

When you understand the reasons for their unique sound, the argument for buying anything else simply falls apart.

The crafting of each Malmark Handbell is a precise, multi-step process that, through our meticulous system of quality control, assures that each instrument is reflective of perfect tonality.

It takes time to create these singular instruments... time, care and the very finest in technology. Tuning: *unequaled by any other handbell in the world...* then voiced and painstakingly assembled into matched sets. This superb Malmark tuning — clean, pure fundamentals uncluttered with extraneous overtones — just plain sounds better!

Patented three-position symmetrical clapper instantly hand-adjusts to soft, medium or hard setting, affording musical variety and expression.

Patented lifetime clapper restraining springs are individually micro-adjustable to each ringer's touch. The only tool: a screwdriver!

Our library of films, handbooks, videotapes, records and step-by-step procedures does not merely show how to play, but how to play *well.*

In addition, Malmark will be there to help you organize your choir, to help you finance it with a proven fund-raising program, to help you bring it to the perfection such a "heavenly" instrument demands.

Each Malmark instrument is made by skilled craftsmen and backed by a Lifetime Guarantee on the complete handbell.

But all of this is merely a preface, just a preamble. There's only one way you can begin to appreciate all that Malmark is, all it does, all it can mean to you.

Hear a Malmark handbell. Then you'll know!

PRIOR TO RESTORATION

AFTER RESTORATION

"The painting is almost 100 years old. Your craftsmen brought it back to new."

Rev. Martin J. Schuck,
St. Teresa of Avila, Brooklyn, N.Y.

The beauty of precious works of art enhances the spirit of faith in your church. But many parishes old and new face a hard dilemma. Their paintings and statuary are old or damaged. Should these pieces be restored? Should they be replaced? How can they best be integrated in the church's overall design? How can they be protected—now and in the future?

The success of a church restoration hinges on the designer's ability to assess your art, evaluate your needs, and offer expert guidance in carrying out your wishes.

Universal Art Studio specializes in religious art. We offer a full range of services, including:

☐ restoration of murals, icons and paintings

☐ regular or fine wall painting, with gold leafing, marbleizing, antique glazing, graining, multicolor stenciling, and three-dimensional ornaments

☐ design and manufacture of church furnishings, from murals and mosaics to stained-glass windows and carved iconostases

☐ insurance appraisals to protect your church in case of theft or damage to your art

Universal Art Studio can assist you in establishing goals and priorities for embellishing your spiritual home. We can help you plan, budget, and carry out the design concept that best suits your parish. We can even advise you on fundraising.

For further information on how we can help you, please write or telephone Yuri Mironoff, Director.

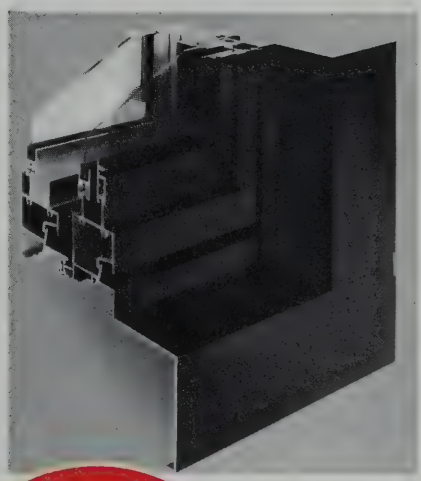
"We are poor people. We can't afford to buy twice! That is why we bought long-term value when we replaced our windows."

ABBOT MELVIN VALVANO, O.S.B.
Newark Abbey, Newark, N.J.

If you have window problems, why not let DeVAC bring you permanent solutions based upon long-term value?



Every educational and religious body has its business side too. Regardless of whether it is housed in a new building or the 110 year old Newark Abbey, secular problems, like heat loss, energy costs, leaking windows and damaged walls, must be addressed.

"Because we rely heavily on donations and contributions, as the primary source of revenue for our Abbey, we must prudently spend our funds." That is what Abbot Valvano did.

"The selection of DeVAC was neither a sudden nor random decision. After much trial and error with other window firms, and after a thorough examination of window manufacturers, we invited DeVAC to offer its solution to the serious water and energy problems we were facing.

The local DeVAC distributor, Window Systems, Inc. of Morristown, New Jersey, supplied sample windows, which were thoroughly tested. We were able to evaluate the test results and calculate the savings in maintenance and energy costs through the use of instrumentation, which gave us factual performance data as a basis for our decision.

Perhaps the most important feature of the DeVAC program is their use of instrumentation to evaluate window performance. Without these tools, it is very difficult to measure the real value of a window design. The alternative of trial and error over a span of time can be a very expensive process in evaluating window products. DeVAC's design maximizes on your investment. Call me and I'll tell you how it was done for us."

DeVAC®

If you have window problems like Abbot Valvano faced and your window contractor cannot provide long-term solutions, then call DeVAC at 612-544-3200 or our no-toll number:

VIGGO BECH RAMBUSCH, CHAIRMAN
The Third Rambusch generation dedicated to the constancy of design and craftsmanship.

St. James Cathedral, Brooklyn NY. Sharing history with 3 generations of the Rambusch organization. Built in 1848, its interior was renovated in 1986 and a new Reservation area set aside for the Blessed Sacrament, in a former sacristy. Rambusch, when asked to create a new tabernacle, designed and crafted a 4½ foot tall replica of the Cathedral's tower. It represented another link between the Cathedral, Rambusch and its Chairman, Viggo Bech Rambusch. A linkage that extends into the future with projects now in progress...a new hanging bronze, glass and gilded wood 7-light sanctuary lamp...and a new gilded crucifix with polychromed icons to be suspended over the main altar. It is a continuity strengthened by a commitment to excellence and a dedication to a faith.

PART I

Hierarchy of the Catholic Church

The Hierarchy, as the supreme governing body of the Catholic Church, consists of the Roman Pontiff, the successor of Peter, and the Bishops joined together with him in one apostolic college to provide for the common good of the Church. The Cardinals, now always bishops, serve as the chief counsellors of the Roman Pontiff. The Pope is further assisted by the departments of the Roman Curia. The bishops, of whom some bear the titles of Patriarch and Archbishop, are united with the Roman Pontiff in the governance of the whole Church; the bishops, when assigned to particular Sees, are individually responsible for the teaching, sanctification and governance of their particular Church. Apostolic Vicars and Prefects together with certain Abbots and other Prelates are also joined in this work.

HIS HOLINESS THE POPE

Bishop of Rome and Vicar of Jesus Christ,
Successor of St. Peter, Prince of the Apostles,
Supreme Pontiff of the Universal Church.
Patriarch of the West, Primate of Italy.
Archbishop and Metropolitan of the Roman Province,
Sovereign of Vatican City.

JOHN PAUL II

KAROL WOJTYLA

The direct successor of St. Peter was born in Wadowice, Diocese of Krakow, May 18, 1920; ordained Priest, November 1, 1946; appointed Titular Bishop of Ombi July 4, 1958; Promoted to Archbishop of Krakow, January 13, 1964; Proclaimed and created Cardinal June 26, 1967. Elected Pope, October 16, 1978; installed October 22, 1978.

VATICAN CITY

By virtue of the concordat signed on February 11, 1929, and ratified on June 7, 1929, the complete and independent authority of the Pope to rule in his own possessions was recognized by the state. The territorial possessions of the Holy Father are called Vatican City and within its limits the Sovereign Pontiff's authority is recognized as supreme.

The Sovereign of this small state is His Holiness, the pope.

The government presently is administered by a Pontifical Commission of which His Eminence Agostino Cardinal Casaroli is President.

THE COLLEGE OF CARDINALS

The Cardinals, when duly constituted and proclaimed, form the Supreme Council or Senate of the Church. They are advisers of the Supreme Pontiff, and at the death of the Pontiff those under eighty years of age elect his successor.

There are three orders of Cardinals, *Cardinal- Bishops, Cardinal-Priests,* and *Cardinal-Deacons*; but these orders are distinct from those of the Hierarchy. The present Cardinal Priests and Deacons are Archbishops or Bishops. The Sacred College of Cardinals, when complete formerly consisted of 70 members—6 Cardinal Bishops, 50 Cardinal Priests and 14 Cardinal Deacons (Cf. Canon 231Sec.1), but the late Pontiffs, Pope John XXIII and Pope Paul VI named a number in excess of this total.

The Cardinal Bishops (except the Patriarch-Cardinals of the Oriental Rites), have as Titular Sees the Suburban Sees of Rome, which are: *Porto and Santa Rufina, Albano, Palestrina, Sabina, Frascati, Velletri.* The Cardinal Dean has united to his See the See of *Ostia.* The Cardinal Priests take their title from the "Titular Churches" to which they are appointed: the Cardinal Deacons are appointed to other Churches called "Deaconries." The first Cardinal Bishop is *Dean*; the first Cardinal Priest is *First Priest*; and the first Cardinal Deacon is *First Deacon* of the Sacred College. The Dean has the right of consecrating the new Pope if he is not already a bishop; the First Deacon the right of proclaiming and crowning him. On the death of the Pontiff, the Cardinal *Camerlengo* has the Administration of the affairs of the Holy See.

(The "creation" of a Cardinal sometimes precedes, even by several years, the "publication and proclamation." The Cardinal is then said to be "reserved *in pectore,*" and when proclaimed, he takes the precedence according to date of creation.)

Address—*1312 Massachusetts ave., N.W., Washington, DC 20005.* ✆ 202-659-6600.

The National Conference of Catholic Bishops (NCCB) is a canonical entity operating in accordance with the Conciliar Decree *Christus Dominus*. Its purpose is to foster the Church's mission to mankind by providing the Bishops of this country with an opportunity to exchange views and insights of prudence and experience and to exercise in a joint manner their pastoral office. The NCCB is the successor to the Annual Meeting of the Bishops of the United States, approved in the brief "Communes" issued by Pope Benedict XV, April 10, 1919 and in a special letter of Pius XI issued on August 10, 1927. The present NCCB statutes with some slight amendment are those originally approved by the Sacred Consistorial Congregation in a decree issued on June 22, 1922.

The National Conference of Catholic Bishops is composed of every Bishop, residential or titular, who serves the Church in the United States, its territories or possessions. Each Bishop has an active and passive voice in the Conference. Under certain conditions, enunciated in conciliar legislation, the National Conference of Catholic Bishops can initiate actions that are juridically binding on all the bishops of the country.

The National Conference of Catholic Bishops is presided over by a president who is elected by the general membership. Other officers of the organization are a vice president, secretary, treasurer and general secretary. The organization functions through forty-four different bishops' committees. The National Conference of Catholic Bishops is a distinct entity from the United States Catholic Conference. Its relationship to the USCC is that of a sponsoring organization.

Catholic Relief Services-USCC: The official overseas aid and development agency of American Catholics; it is a separately incorporated organization of the U.S. Catholic Conference.

CRS was founded in 1943 by the bishops of the United States to help civilians in Europe and North Africa caught in the disruption and devastation of World War II.

As conditions in Europe improved, the work conducted by CRS spread to other areas-Asia, Africa and Latin America.

CRS maintains programs and projects in 63 countries around the world. Help is given to all those in need regardless of race, creed, or political affiliation.

In addition to its highly acclaimed disaster relief work, CRS carries on nutrition and development programs throughout the Third World. These programs, such as health projects, school-feeding programs, agriculture development, water resource management, and community promotion are designed to help people help themselves and to raise the standards of living not only of the individual but of families and entire communities.

CRS operations are funded, in part, from the proceeds of an annual collection - American Catholic Overseas Aid Appeal (also known as the Bishop's Relief Fund) - held during the Lenten season in more than 18,000 Catholic churches in the U.S. Support is also received from Operation Rice Bowl Lenten prayer program and from individuals, church and school groups, foundations and corporations. Assistance from the federal government takes several forms: food available under Title II of Public Law 480; defrayment of ocean freight costs on U.S. government-donated foods and relief supplies generated by CRS itself; grants for some emergency operations and grants for community development projects.

Each year, CRS also sponsors a clothing collection during the month of November that yields more than 8 million pounds of used clothing, blankets and bolt goods. Films, education kits, posters and brochures are available.

In the year ending Dec. 31, 1985, the CRS global program in 63 countries had a total value in excess of 499 million dollars.
